

DEP Use Only

☐ I Rec ☐ NN

date received

1. ☒ To provide **new** notification of hazardous waste activity at a specific location in Massachusetts:
  - a. ☒ Initial notification
  - b. ☐ Change in business ownership (represent the new owner)
2. ☐ To provide revised/subsequent site identification information
3. ☐ To **inactivate your status** on an EPA ID number. Please check one:
  - a. ☐ Discontinuing all hazardous waste activities at this site
  - b. ☐ Physically moving from the site
  - c. ☐ Change in business ownership (represent the old owner)

1. Notifying company's current EPA ID # at the site, if available: EPA ID Number

2. Site name and location information:

Massachusetts Mills Apartments

a. Site Name

169.2 Bridge Street

b. Street Address Line 1

Lowell MA 01852

d. City/Town e. State f. Zip Code

**Notification of Hazardous Waste Activity in Massachusetts**  
Massachusetts Equivalent of Subtitle C Site Identification Form

**C. RCRA Hazardous Waste Activities**

1. Generator of RCRA hazardous waste:

☒ yes - choose only one of the following – a, b, or c. ☐ no

- a. ☒ LQG: large quantity generator - generates  $\geq 2,200$  lbs/mo or  $\geq 2.2$  lbs/mo of acutely hazardous waste.
- b. ☐ SQG: small quantity generator - generates between 220-2,200 lbs/mo or 0-2.2 lbs/mo acutely hazardous waste; and not  $> 13,200$  lbs (~1500 gals) accumulated on-site.
- c. ☐ VSQG: very small quantity generator - generates between 0-220 lbs/mo and no acutely hazardous waste, and  $\leq 2,200$  lbs (~250 gals) accumulated on-site.

☐ self transport

2. Importer of hazardous waste: ☐ yes ☒ no

3. Mixed waste generator - hazardous and radioactive: ☐ yes ☒ no

4. Transporter of hazardous waste and state regulated waste: ☐ yes ☒ no

A hazardous waste transporter license is required for this activity.

5. Treatment, storage, and/or disposal facility (TSDF): ☐ yes ☒ no

A TSDF facility license is required for this activity.

6. Recycler of hazardous waste: ☐ yes ☒ no

A recycling permit is required for this activity.

**D. Used Oil and Other MA-regulated Activities**

Used oil and other MA-regulated hazardous waste generator activities; (used oil, waste oil, PCBS  $\geq 50$  ppm), paint production waste). Check all boxes that apply to your site:

1. Generator of MA only hazardous wastes:

☐ yes - choose only one of the following – a, b, or c. ☐ no

- a. ☒ LQG: large quantity generator - generates greater than 2,200 lbs/mo.
- b. ☐ SQG: small quantity generator - generates between 220 – 2,200 lbs/mo and not  $> 13,200$  lbs (~1500 gals) accumulated on-site.
- c. ☐ VSQG: very small quantity generator - generates between 0 – 220 lbs/mo and not  $> 2,200$  lbs (~250 gals) accumulated on-site.

☐ self transport

Massachusetts Equivalent of Subtitle C Site Identification Form

**D. Used Oil and Other MA-regulated Activities (cont.)**

2. Used oil processor: ☐ yes ☒ no

- a. ☐ processor
- b. ☐ treatment, storage, disposal facility (TSDF)

A permit is required for these activities.

3. Used oil fuel burner: ☐ yes ☒ no

- a. ☐ specification used oil fuel [see table 310 CMR 30.216]
- b. ☐ off-specification used oil fuel

A permit is required for these activities.

4. Used oil fuel marketer: ☐ yes - indicate type(s) of activity(s) ☒ no

- a. ☐ marketer who first claims the used oil fuel meets the specifications.
- b. ☐ marketer who directs shipments of **specification used oil fuel** to specification used oil fuel burner or to another marketer of specification used oil fuel.
- c. ☐ marketer who directs shipments of **off-specification used oil fuel** to off-specification used oil fuel burner or to another marketer of off-specification used oil fuel.

**E. Universal Waste Activities**

1. Large quantity handler of universal waste- accumulates 11,000 lbs. or more of universal waste at any time: ☐ yes ☒ no

2. Destination facility for universal waste: ☐ yes ☒ no

A hazardous waste TSDF facility license or Class C recycling permit is required for this activity.

3. Indicate types of universal waste generated and/or accumulated at your site. Mark all boxes that apply:

- |                               |                                   |                                     |
|-------------------------------|-----------------------------------|-------------------------------------|
| a. batteries                  | <input type="checkbox"/> generate | <input type="checkbox"/> accumulate |
| b. pesticides                 | <input type="checkbox"/> generate | <input type="checkbox"/> accumulate |
| c. thermostats                | <input type="checkbox"/> generate | <input type="checkbox"/> accumulate |
| d. mercury-containing devices | <input type="checkbox"/> generate | <input type="checkbox"/> accumulate |
| e. mercury-containing lamps   | <input type="checkbox"/> generate | <input type="checkbox"/> accumulate |

Massachusetts Department of Environmental Protection  
Bureau of Waste Prevention – Hazardous Materials  
**Notification of Hazardous Waste Activity in Massachusetts**  
Massachusetts Equivalent of Subtitle C Site Identification Form

**F. Description of Hazardous Wastes**

1. Waste codes for federally regulated hazardous wastes - identify the federal hazardous waste codes that best describe your waste (e.g., D001 – Ignitable, D002 – Corrosive, D003 – Reactive, etc.) If filing on paper, list additional federal codes in the comment section.

D008 - Lead

D004 - arsenic

D005 - barium

D006 - cadmium

D007 - chromium

D009 - mercury

P037 - dieldrin

Bureau of Waste Prevention – Hazardous Materials  
**Notification of Hazardous Waste Activity in Massachusetts**  
Massachusetts Equivalent of Subtitle C Site Identification Form

**F. Description of Hazardous Wastes (cont.)**

2. Waste codes for state regulated (i.e., non-federal) hazardous wastes - identify the Massachusetts state-only hazardous waste codes that best describe your waste (e.g., MA01 [waste oil], MA02 [PCB's  $\geq 50$  ppm]; MA04 [paint production waste]; MA95 [universal waste]; MA97 [Class A RRM]; MA98 [off specification used oil fuel]; MA99].)

MA01

MA02

MA98

MA99

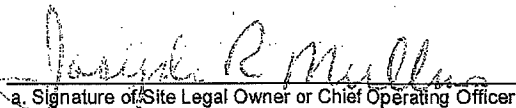

**G. Comments**

Please limit  
comments to the  
space provided.

Mostly PCB-contaminated soil (both  $>50$  ppm and  $<50$  ppm) during remediation; also containing heavy metals and petroleum constituents. Remediation project could also generate liquid petroleum or oily water.

**H. Certification**

"I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attached documents, and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment. In addition, I understand that any material supplied with this application will not be considered confidential unless I specifically request that such material be kept confidential and the Department has made a determination of confidentiality in accordance with 310 CMR 3.00 regulations governing access to, and confidentiality of, Department records and files under the Hazardous Waste Management Act."
